Headline: Pinnacle Solutions, Inc. Successfully Completes CMMI Level 3 Appraisal

Huntsville, Alabama (October 24, 2011) – Pinnacle Solutions, Inc., a Huntsville based Service-Disabled, Veteran-Owned Small Business, is proud to announce it has been recently appraised at Level 3 of the Capability Maturity Model® Integration (CMMI V1.2 DEV) for Software Engineering, Systems Integration and Test from the Carnegie Mellon Software Engineering Institute (SEI).

CMMI is a process improvement approach that provides organizations with the essential elements of effective processes, improving organizational functions, setting improvement goals and standardizing quality processes. CMMI is a prestigious and internationally recognized gold standard for best practices in software engineering and organizational efficiency.

“Achieving CMMI Level 3 was a strategic corporate goal for Pinnacle. This achievement is a testament to the company’s commitment to meeting the highest industry standards in quality and efficiency” said Jimmy Moore, Vice President of Pinnacle Solutions. *“This is a significant achievement for a company that is less than 4 years old and affirms to our customers our commitment and dedication to providing world class products and software engineering services.”*

Pinnacle’s CMMI process began 15 months ago with the recognition that obtaining a CMMI Level 3 rating would distinguish Pinnacle among its peers and provide our customers with a high level of confidence in our software development and systems integration capabilities.

Pinnacle provides engineering, support and training services, training system development and upgrades, as well as a variety of other aviation and engineering-related services to the Department of Defense (DoD), training system contractors, and weapon system Original Equipment Manufacturers.
